Permanent Injunction On Bond Issue Is Denied Sat.

A permanent injunction sought Saturday in an attempt to halt issuance of \$50,000 in street improvement bonds for Bay St. Louis was dismissed by Special Chancellor William P. Hewes in Gulfport.

A motion for dismissal introduced at the hearing Saturday by attorneys representing the city of Bay St. Louis was upheld by the special chancellor on the grounds the petitioners had adequate remedy at law which had not been exhausted.

Petitioners against the bond issue were John A. Egloff, Norman A. Kingston, Edward A. Fayard, Peter G. Fayard, Emile G. Piazza, Roland Cuevas, Herman J. Meier, John Green, Paul Egloff and Harold J. Fayard.

A week earlier Chancellor

Hewes had denied a petition for a writ of temporary injunction against the bond issue.

Opposition to the bond issue claimed they had filed a petition containing 20 per cent of the qualified voters protesting the issuance of the bonds. Such a petition would require voting on the bond issue at a special election.

However, the city denied that 20 per cent of the voters had signed the petition and claimed that over fifty signers of the petition had requested in writing that their names be withdrawn from the petition.

In June, a joint statement issued by Commissioners Warren Fraub and Cyril Glover and Mayor John Scalfie said the bonds would be retired out

of part of the city sales tax with no additional tax levy.

The objectors to the bonds Saturday requested a superce-des bond, which would hold the action in status quo until the Supreme Court rules on the petition. In the decree of the court the objectors were allowed an appeal upon their posting a bond in the amount of \$7,500. However, no action was taken by the objectors at that time on the \$7,500 bond.

The objectors had summoned several witnesses who were not heard by the court.

Representing Bay St. Louis were city attorney Dan M. Russell Jr. and Charles R. Gallo-way, Gulfport city attorney.

Attorneys for the objectors are Jesse Shanks and Bill Andrews of Purvis.

KC's PLAN 3-DAY FAIR FOR DAY

Knights of Columbus, assisted by the Ladies Auxiliary, will stage a three-day fair over the Labor Day weekend.

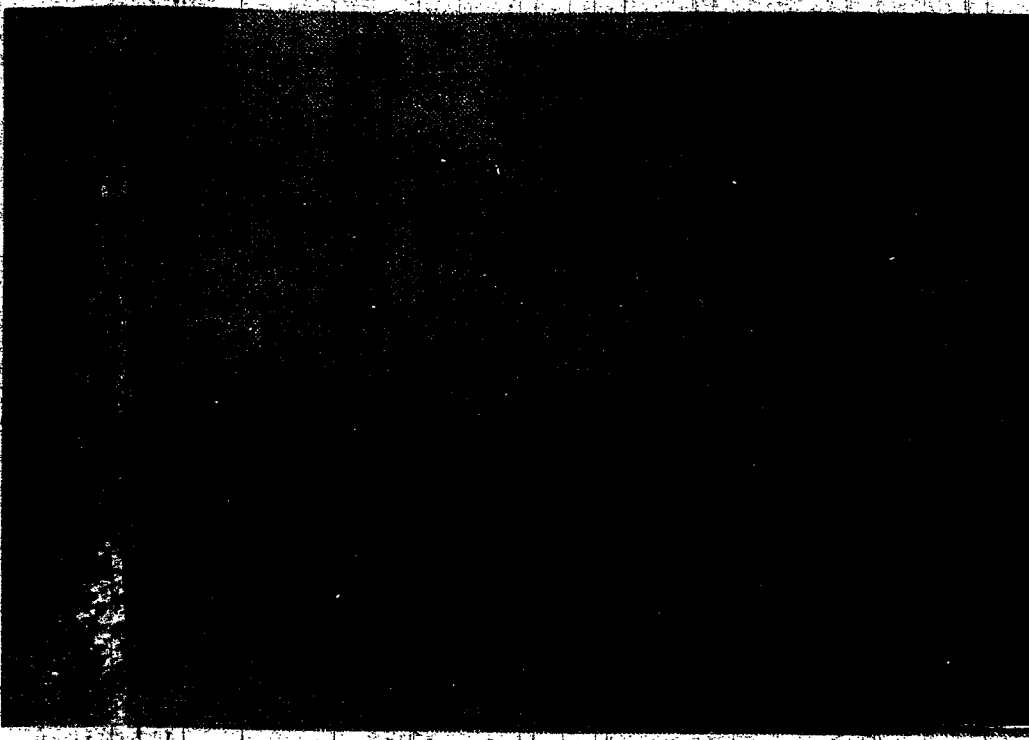

Proceeds will be used for improvements on the KC home on Main St.

Ed Murtigh, Grand Knight, and Roland Lafontaine Jr., publicity chairman, have assured a weekend of fun to close the summer season.

The fair will feature games to amuse and entertain all age groups, home made cakes and candies, and the usual booths seen at affairs of this sort with handmade products of many varieties to be offered for sale, with sandwiches and cold drinks to appease appetites.

The grounds of St. Stanislaus Day School will be the location, with activities beginning late in the afternoon Saturday.

Drilling Begins On Hughes Wildcat Oil Well In Bay

The Carter-Beveridge Drilling Co. rig which will drill the J. Willis Hughes oil well in the Bay of St. Louis off Breath's Lane.

To Move Big Rig In At Once

Work got under way yesterday on J. Willis Hughes' wildcat well in the Bay of St. Louis, approximately 160 feet off Breath's Lane 1/4 mile south of the US 90 bridge.

Carter-Beveridge Drilling Co., contractors for the well, yesterday afternoon brought in a small rotary rig which is being used to set up 28-inch conductor pipe to a depth of 90 feet. The rig also will set 480 feet of 16-inch surface pipe.

The work will be completed prior to the arrival next week of the complete drilling unit to be used by the drilling company.

The larger drilling rig, a 900 hp Bethlehem 450, is mounted on a submersible barge 145 ft. long, 45 ft. wide with a draft of 11 feet, 6 inches. In addition to these rigs, the company also will bring in other complementary barges and crew boats.

The barge, which will arrive next Wednesday or Thursday, is now in Mallard Bay above Morgan City, La.

Hughes said the rig has been drilling for the Shell Oil Co., the California Co. and the Texas Co. in open water locations near the mouth of the Mississippi River for the last 2 years.

Ed Carter of Carter-Beveridge told the ECHO yesterday that the barge carries storage for approximately 2,000 sacks of dry mud, and reserve tanks with enclosed settling tanks that will accommodate approximately 1,000 barrels of drilling mud.

Carter said a gate assembly encloses waste materials around the drill site, preventing contamination of surrounding waters.

Requiem Mass was held Wednesday morning at Jesuit Catholic Church, New Orleans, with interment at Grand Coteau Cemetery.

Legion Aux Plans 5 Activities For Coming Year

Five major activities which will occupy much of the attention of the American Legion Auxiliary during the coming year were outlined by Mrs. Gordon Romanoff, Unit President, at a special meeting Monday.

Declaring that the need for increased efforts in these fields was urgent, Mrs. Romanoff urged the membership workers to carry information about them to all eligible women in the city. She outlined the major Auxiliary activities as:

1. Service to war veterans and their families.

2. Welfare of children of veterans.

3. Projects to help make the community a better place in which to live.

4. Support of the American Legion's national security program to give the United States greater protection from war.

5. Americanism work, to maintain the ideals and principles of free government in America.

"These activities will form the backbone of the Auxiliary's program during the year ahead," said Mrs. Romanoff. "The need for all of them is urgent. More active interest in them by more women is vitally important. In the Clement R. Bontemp Unit 139 of the Auxiliary there is opportunity for worthwhile service in any or all of these fields. I hope that more of the wives, mothers, sisters and daughters of war veterans will avail themselves of this opportunity this year."

LEGION AUXILIARY TO MEET MON.

Regular monthly meeting of the American Legion Auxiliary will be held Monday August 13, at 8:00 p.m. at the Legion home.

All members are urged to attend.

Kiddie Day Slated At Beach This Week

One of the biggest events for kids ever to hit Bay St. Louis is slated for the municipal beach this weekend when Kiddie Day will be held for the benefit of a new municipal pier.

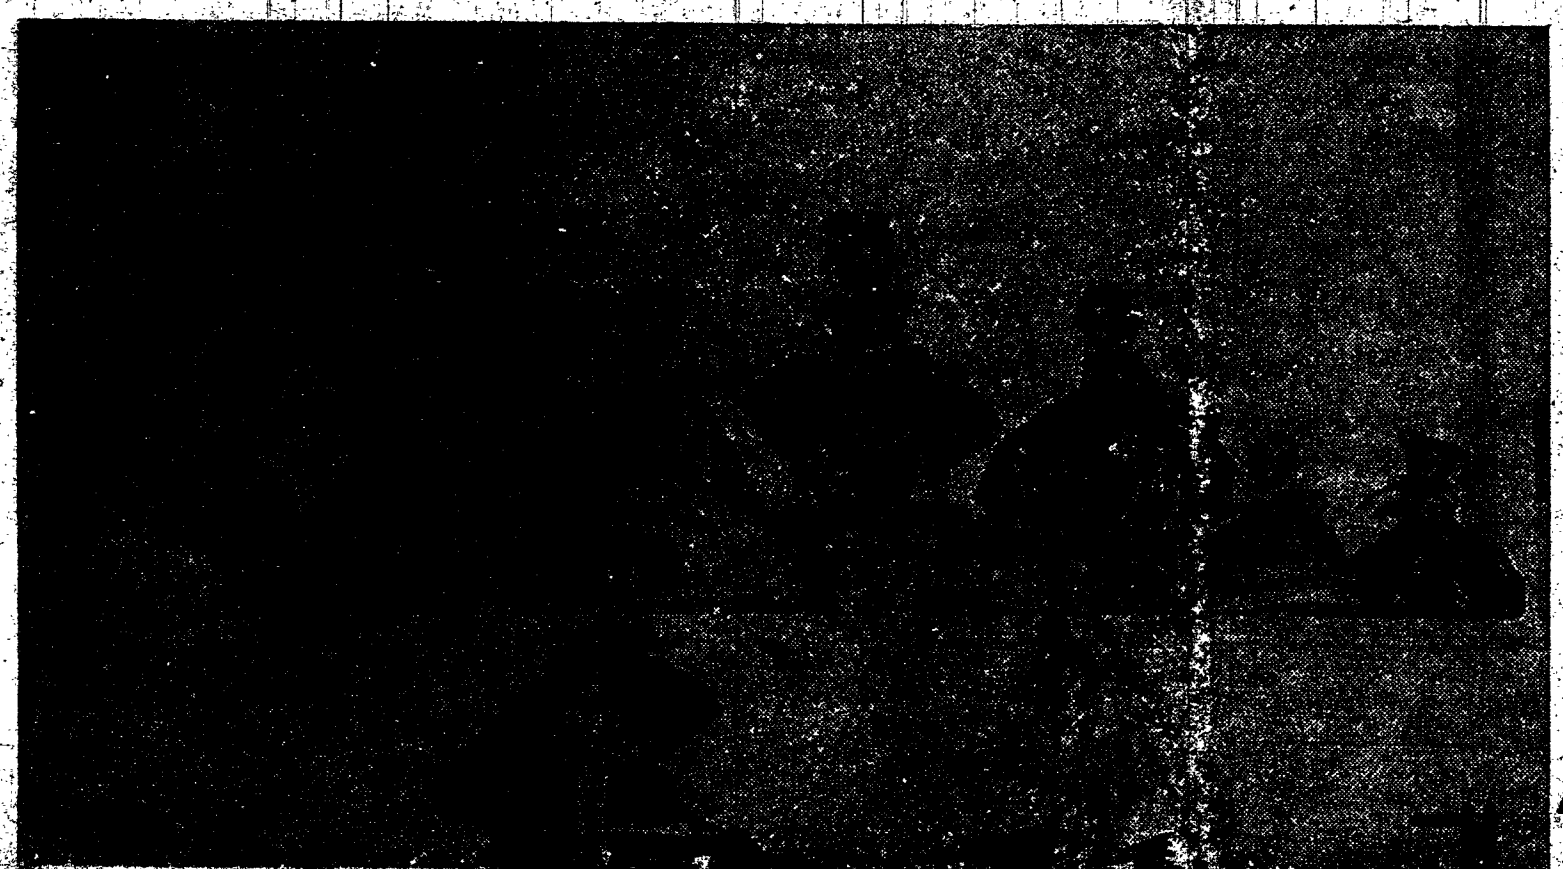

The Kiddie Day will begin at 3 p.m. Saturday and will be held all-day Sunday.

Highlights of the celebration will be a baby contest for 1 to 4 year olds, and a Little Miss Bay St. Louis Contest for girls aged 5-6-7-8. Registration fee for the contests will be \$1.00, and further information can be obtained from Mrs. Theo Tudury, chairman of the Parks and Playgrounds Commission.

Games and contests, with prizes for winners, will include horseshoes, ball-in-the-bucket, sack race and an egg race.

There will be plenty of refreshments available, with ice cream, candy, pink lemonade, chili dogs, ham, fried fish, cold drinks, polar bars, frozen pops.

Also providing amusement and entertainment will be a country store, with a real auctioneer, white elephants,

Pictured above are a few of the many dolls that will be for sale during the Kiddie Day celebration at the beach this weekend. The dolls were made by Mrs. Harry Ward, her daughter, Miss Harriet Ward, and Mrs. D. M. Russell Jr.

fish pond, nigger baby, grab box, dolls, trinkets and a balloon man.

The event is novel in that the whole affair is being planned to appeal to young children.

Mrs. Tudury explained. However, she added, there will be much of interest for parents, needed many more willing too, and she promised that all workers to make the affair a success, and asked that any during the two-day Kiddie Day, one willing to help call 857.

Man Badly Hurt When Struck By Flying Rim

Donald Stevens, 30-year-old father of three children, was seriously injured about 4:30 Tuesday when a rim flew off a truck he was changing, smashing his right arm and lacerating his face. He was taken to Kings Daughters Hospital and then rushed to Touro Infirmary in New Orleans. It is thought he will be hospitalized for some time.

HOW HORRIBLE

A truck driver just back from a trip to New York ducked into a booth and called his girlfriend. In a few minutes he came out looking very bewildered.

"She's gonna get married," he said to a friend.

"Aw, forget it," advised the friend. "There are lots of girls."

"Yes," replied the driver, "but she's gonna marry me!"

CEMETERY MEETING

A trustees election will be held Saturday, August 18 on the grounds of Lakeshore Civic Hall for the purpose of naming three trustees for the Lakeshore Cemetery.

Money Stolen From Bay Girls In New Orleans

Four Bay St. Louis girls working in New Orleans lost a total of \$147 when a thief broke into their bedrooms while they were at work Monday.

Victims were Misses Janelle Egloff, Janet Genin, Jan Favre and Sue Klein, all graduates of St. Joseph Academy.

They reported that someone had broken into their apartment house bedrooms in their absence, and had taken \$50, \$40, \$22 and \$5 belonging to the four girls, and also had taken 2 cartons of cigarettes.

Legion Member Drive Now On

Membership drive of Clement R. Bontemps Post 139, the American Legion, is in full swing, Russell J. Elliott, Post Commander, said this week.

He urged that all veterans sign up when a Legionnaire called on them.

"I cannot urge too strongly that all veterans become members of the Legion, and help to serve the community and protect the veterans' heritage," Elliott said.

WHY PROGRESS COMES SLOW

Most communities believe in progress. We think that Bay St. Louis is one of those communities.

However, the record of our community reveals that progress comes slowly and through a constant fight.

Unfortunately for the majority of our citizens, there is always a minority who place petty politics above the general welfare and improvement of our community. To that group, politics enters into every improvement of a road.

The law books of Mississippi reflect that Bay St. Louis has usually had its "day in court" before most civic improvements have been made. Such court actions are usually a delaying action—all of which is a cost to the taxpayers in the long run.

Most communities take pride in having hard-surfaced streets. It improves the value of the property. It relieves the streets of dust, it causes less wear and tear on the family car and the delivery car to our home.

It also saves expensive upkeep by the city (which is your tax dollar).

City officials have ordered a \$50,000 bond issue, without an election, unless objected by at least 20 per cent of the qualified electors. The bonds are to be paid out of the city sales tax, which was voted by the public in 1954. Thus, the improvements are to be made without any increase in taxes. This bond issue would hard-surface 22 dirt streets.

Certain individuals circulated petitions against the bond issue, but from the report of the city clerk they failed to secure 20 per cent of the qualified electors to protest.

When they failed, some of the objectors whose names have appeared in this paper (and will probably appear numerous times hereafter) secured the services of attorneys and filed a petition in the Chancery Court, seeking, first, a temporary injunction, and second, a permanent injunction, against the

issuance of the bonds for paving the streets.

These objectors were given a prompt hearing. The city won the first fight against the temporary injunction. The city also won the second fight against the permanent injunction.

On losing both legal fights, the objectors asked permission of the court of appeal to the State Supreme Court. The court allowed the appeal, if the objectors post a \$7,500 appeal bond.

This is the present status of the matter. We feel quite certain the legal battle will still continue. Our guess is that you will eventually get the pavement, but will only be delayed. The city officials promised it and they are fighting every day to get it.

So, to you who are living in dirt streets, and to you who constitute a majority of the progressive-thinking people of our community, bear in mind that progress for Bay St. Louis always comes slow. There are usually objectors who seek the open door of the courts to find solace there—at least, it delays the sometimes inevitable.

Our hats are off to the city officials in their fight for the much needed improvements and for the two court victories already scored in the past two weeks.

To the objectors, we hope you are sincere in your efforts and most of all we hope you can convince your fellow citizens—especially those who live on dirt streets.

It's a sad but truthful statement.

It's a universal joke . . .

A woman invited several friends to a mushroom steak dinner. When Nora, her maid, opened the can of mushrooms preparatory to making the sauce, there was a slight scum on top.

Time being short, the lady suggested "Give the dog a little and if he eats it, it's probably all right."

Since the dog liked it and begged for more, the dinner was finished.

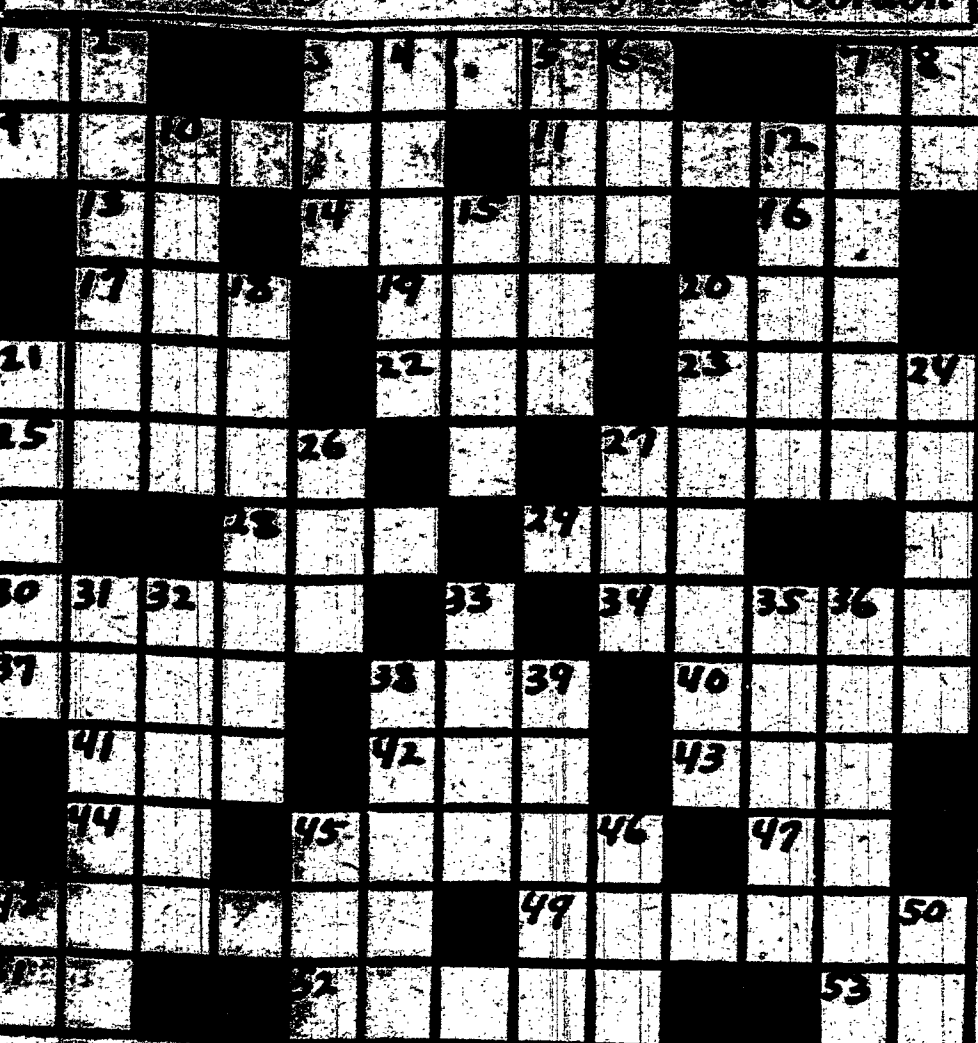

After the guests had enjoyed their dinner, Nora came in, white-faced, with the dessert, and whispered tragically to her employer, "Ma'am, the dog's dead."

There was only one thing to do.

Some time later, when eight people were lying at various stages of recovery and the doctor had departed with his stomach pump, the lady wearily asked, "Nora, where's the poor dog?"

"On the front steps, Ma'am, where he fell after the car hit him."

Home Agent's Notes

August is being advertised as Sandwich Month.

And it is more of a "Sandwich time of year" than others, isn't it? Just fits in with outdoor and picnic eating that are favorites during hot weather and vacation time.

Sandwiches and the plentiful foods that we listed in last week's column go hand-in-hand. Turkey and chicken sandwiches, hot or cold, they're naturals for summertime eating.

Lettuce, tomatoes and many other summer vegetables make cool, crisp, tasty sandwiches. And don't forget cheese, butter and other dairy foods, hamburgers, roast beef and the old favorite stand-by—peanut butter.

Remember, for the youngsters long distance hikes and all day picnics, peanut butter is all you can count on it being whole.

BAPTISTS BELIEVE...

EVERY CHRISTIAN IS A PRIEST

The Bible plainly sets forth this great doctrine. Every Christian is his own priest, and therefore needs no one else to act as a priest for him to stand between him and the end. The Apostle John wrote of Jesus Christ that he "made us kings and priests unto God" (Revelation 1:6). The Apostle Peter wrote to early believers, "Ye are . . . a royal priesthood" (1 Peter 2:9). The Apostle Paul wrote, "There is one God, and one mediator between God and men, the man Christ Jesus" (1 Timothy 2:5). We do not need someone on earth now to petition God in our stead. Since every Christian is a priest, he can intercede with God for himself. He can approach God directly through Christ the great High Priest. Christ alone has authority to forgive our sins. The Christian priesthood forms a brotherhood of all Christians and not a religious rule of priests, or hierarchy. The New Testament churches did not set apart any special persons, as priests. Baptists follow their example. They believe that every Christian is his own priest, and that the pastor is no more a priest than any member of the church.

The priesthood of the believer rests upon truth. Christ spoke to each individual when he declared, "Ye shall know the truth, and the truth shall make you free" (John 8:32). The gifts

and knowledge of God come directly to each individual Christian. No third party is necessary. "He (the Holy Spirit) shall teach you all things" (John 14:26). The priests of the New Testament— all Christians— know God in spirit and in truth. There is the knowledge of experience. The first followers of Jesus learned this great spiritual truth. Jesus said "Flesh and blood hath not revealed it unto thee, but my Father which is in heaven" (Matthew 16:17).

Because each person can approach God for himself, no man can act for another in spiritual matters. A husband cannot be a priest for his wife. A mother cannot be priest for her child. A minister cannot do for members of his church what God expects them to do for themselves.

All Christians are priests. As such we can draw near to God with boldness, through our High Priest, Jesus Christ, to offer sacrifices of praise and good works. The person who has not become a follower of Christ may go to God directly in prayer and declare his desire to follow Christ. The priesthood of believers is a doctrine of spiritual vitality, not of mere religious forms. Each believer becomes a priest and his body becomes a human temple in which God lives. The great Christian Apostle, Paul, wrote: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you" (1 Corinthians 3:16).

Pass Fishing Tournament Slated Aug. 16 to Sept. 16

Date of a Pass Christian Fishing Tournament has been set for one month, Thursday, Aug. 16 through September 16, Parnell McKay, publicity chairman, said, this week.

Entries are now being accepted at the Pass Chamber of Commerce office or by officers of the Tourney Association. Classes of fish include tarpon, jackfish, blackfish, redfish, speckled trout, Spanish fish and black bass. In addition, mackerel, king mackerel, lemon-tail and all other fish are eligible to prizes in each class, largest fish also will receive a prize.

Registration fee is \$2 per person, and the fee will be used to purchase prizes.

The tournament association is a non-profit organization solely for the promotion of good sportsmanship, McKay said, and all fishermen are invited to enter.

After being promoted to major at Fort Benjamin Harrison, Ind., James W. Stephens (rt.) of Pass Christian receives the gold oak leaves signifying his new rank from Col. William E. Slevers, commander of the Finance School at the fort. Son of Mr. and Mrs. M. A. Stephens, 111 Camellia Drive, Major Stephens entered the Army in 1943. He attended Louisiana State University.

Twelve Pound Look to 'Belvedere' Marks Marks Bay Little Theatre's Eleven Seasons

People Spots In The News

It's a long look back. It goes back to April, 1946, when the Bay St. Louis Little Theatre made its first bow with J. M. Barrie's "The Twelve Pound Look."

There are many who, seeing Emily deMontuzin and Earle Kirkpatrick in that play, became regular theatregoers. Later that same summer, they had the pleasure of seeing Et-hel and Bedford Floyd and John Scalfide in "The Maple Animal," directed by Earle Kirkpatrick in the playhouse on Carol Ave.

The Carol Avenue playhouse was destroyed by the hurricane of 1947, but in the summer of 1948 the Little Theatre resumed "business as usual" in the Boardman Avenue playhouse.

Now in its eleventh season, the Bay St. Louis Little Theatre gives the cast and crew of its current production, "Belvedere," a tradition to support and a reputation to live up to. And the cast and crew are working vigorously to live up to that reputation.

A Broadway leader when it first appeared, the play was later made into a movie, "Sitting Pretty." It was in the lead role of this movie that Clifton Webb won his reputation as an outstanding comedian in this country.

Picture a young city couple, confused and breathless from the pace of today's living, two careers, a house and lot, noisy neighbors, two unmanageable youngsters and a baby. Into this turmoil steps Belvedere, self-acknowledged genius, who promptly proceeds to confound the confusion into pure chaos.

Paul White, as Belvedere, brings a fresh interpretation of the play and sharp wit to the title role. Rex Rector and Jane Wiggins in the supporting leads combine to make a team which should truly live up to the standard of excellence set by eleven seasons of success in the Little Theatre.

DAUGHTER of what old-time movie twosome is this? Right, it's Bebe Daniels and Ben Lyon's little girl, Barbara Bebe.

VICTORY GASP escapes Patricia Lou Thompson, daughter of Baptist minister, as she's chosen beauty contest winner at Del Mar, Cal. Runners-up seem happy enough about it.

RETURNS FROM TRIP TO GUAM
Mrs. Carmelite Sauder returned last Sunday from Guam where she was a guest for two months of her son-in-law and daughter, Warrant Officer and Mrs. Norman Glass and children. Mrs. Sauder made the trip to California by bus where, at Oakland, she boarded a Trans-Pacific Airliner for her trip to Guam. She reports that the scenery on the island is unusually beautiful with coconuts, avocados, pineapples, and bananas growing in abundance. Before her departure, she was guest of honor at a surprise farewell party given by the Glasses, who also had as their guest, Ronald Garcia, son of Mrs. Ethel Garcia, Bay St. Louis.

She was met by members of her family in New Orleans Sunday, and entertained at a welcome home party.

Local Youths Attend School On Conservation

The fifteenth annual Boys Conservation School opened today at Roosevelt State Park near Morton with 165 boys from 60 hill counties in attendance.

Those from Hancock County who are attending the school are: Charles Byrd sponsored by Bay Waveland Garden Club, Joseph Smith, and Freeman Lee sponsored by James L. Crump.

By the end of the week, these farm youths will have received instruction in proper management of their soil, timber and wildlife.

Instructors from the Extension Service, State Experiment Station, Soil Conservation Service, State Game and Fish Commission, U. S. Forest Service, Mississippi Forestry Commission, Illinois Central Railroad, and International Paper Company will share with the students knowledge gained from years of experience. Lectures, moving pictures, and field trips are used to round out the week long session of practical training.

PARTY HONORS

MRS. McDONALD

Mrs. John J. McDonald entertained at the Incheon in honor of Mrs. C. C. McDonald, Jr., a bride of last month. The honoree was presented a corsage of white carnations upon her arrival.

The luncheon table, covered with a white linen cutwork cloth, was centered with an unusual arrangement of tiny dolls dressed as a wedding party. The miniature bride and her attendants stood under a trellis of sweetheart roses.

Thirty-one friends of Mrs. McDonald were present.

Grazing Lambs
Farmers who would like to graze lambs this fall and winter should make some plans immediately.
Late August and early September are planting times for early fall grazing. These early grazing crops are not always dependable, so a reserve feed supply will be good insurance.
If water supply is plentiful and irrigation equipment available, it might pay lamb producers to consider irrigation to help assure the early fall grazing.
Make sure of your grazing, before buying your lambs. Supply of lambs for grazing is usually more plentiful October 1-15. You may be able to contract for the lambs well in advance of the delivery date. Weights ranging from 50 to 60 pounds are desirable.
You can expect a good lamb to gain a third of a pound a day, or around 10 pounds a month. Good grazing, highly fertilized, will normally carry 4 to 5 lambs per acre.
Market this type lamb at 100 to 110 pounds. A margin of 3 to 5 cents a pound is needed for profitable operation. If you can buy the lambs at 15 cents a pound then sell them fat for 18 to 20 cents, they should make you a nice profit.
Lambs should be of the right type, quality and weight. They should be healthy.
Lambs do better when sheared one or more times during the grazing period. You can get information on this from your county agent.
Outlook
Egg prices are above a year ago and should rise seasonally until late summer or early fall. The number of replacement pullets this fall will be less than earlier predictions. By the first of the year, the number of layers on hand may be little, if any larger than this year.
Broiler production is still increasing. Prices are expected to continue low for the next few months. Best to expect that prices will hold steady.
Sweetpotato acreage is estimated at 11 percent below the 1955 acreage. At average yields one-fifth below last year, prices this would bring production should average well above those received for the 1955 crop.
Soybean production is expected to top all previous records, providing weather and yields are average. With heavy export demand, prices increased sharply during the past month. If exports hold up during 1957, soybean prices should average above support levels, following a seasonal decline this fall.
Fruit Trees
It is time to treat peach trees for peach tree borer control the DDT method.
With this method, you must make treatments, one around the first of August, then the first of September and finally the first of October.
The DDT method is simple and inexpensive, yet it does the job when applied correctly and at the proper time.
Mix one pound of 50 percent wettable DDT to each 12 gal. of water.

Loan Deadline
Extended to '58
For WW II Vets
The Bill signed yesterday by the President extending the World War II GI Bill Loan deadline also has other important provisions affecting many veterans, Scott B. Harrington, Manager of the Veterans Administration Regional Office in Dallas said today.
The new law will permit any veteran who sells residential property purchased with a GI loan to be relieved from liability to the Government under certain circumstances, Harrington said.
Previously, the veteran who sold his property and assumed the purchaser to assume the GI loan still remained liable to the Government in the event of subsequent foreclosure and the payment of a guaranty claim by the VA.
Now, Mr. Harrington pointed out, the veteran may be relieved of liability if the purchaser assumes full liability on the loan, the VA approves him from a credit standpoint, and the loan is current.
The new law also permits World War II veterans to have their GI loan entitlement restored to January 31, 1956, if their property was taken by a governmental agency for public use, was destroyed by a natural hazard, or was otherwise disposed of for compelling reasons without fault on the part of the veteran.
The law extended the World War II GI Loan program ending date for one more year to July 25, 1958. Any loan application received by VA up to that time may be guaranteed by VA if it is completed by July 25, 1958.
Another provision permits the restoration of GI home loan entitlement to a veteran in military service who disposes of his home because of a transfer under military orders.
Veterans will have to certify that they intend to live in the home they are buying with the assistance of a GI loan at the time of application and at the time of closing the loan.
The new law clarifies and confirms VA's authority to make the final determination of reasonable value of property irrespective of the estimate of value made by an individual appraiser.

Make sure of your grazing, before buying your lambs. Supply of lambs for grazing is usually more plentiful October 1-15. You may be able to contract for the lambs well in advance of the delivery date. Weights ranging from 50 to 60 pounds are desirable.
You can expect a good lamb to gain a third of a pound a day, or around 10 pounds a month. Good grazing, highly fertilized, will normally carry 4 to 5 lambs per acre.
Market this type lamb at 100 to 110 pounds. A margin of 3 to 5 cents a pound is needed for profitable operation. If you can buy the lambs at 15 cents a pound then sell them fat for 18 to 20 cents, they should make you a nice profit.
Lambs should be of the right type, quality and weight. They should be healthy.
Lambs do better when sheared one or more times during the grazing period. You can get information on this from your county agent.

COMPLETE NAVAL RECRUIT TRAINING
Robert C. Foyadon, son of Mr. and Mrs. Edward J. Foyadon of 106 Hancock Ave., Bay St. Louis, Miss., is among those who completed recruit training August 4 at the Naval Training Center, San Diego, Calif.
The graduation exercises, which marked the end of nine weeks of "boot camp" included a full dress parade and review before military officials and civilian dignitaries.
In nine weeks of instruction the "new recruit" was developed into a Navy Bluejacket, ready for duty with the fleet.

Notes
Grazing Lambs
Farmers who would like to graze lambs this fall and winter should make some plans immediately.
Late August and early September are planting times for early fall grazing. These early grazing crops are not always dependable, so a reserve feed supply will be good insurance.
If water supply is plentiful and irrigation equipment available, it might pay lamb producers to consider irrigation to help assure the early fall grazing.

Nothing takes to the road like a Chevy!

Once in a blue moon a car like this comes along—a design so advanced in performance, so beautifully balanced that it stands out above every other car on the highway. It has a solid, sure-footed way of going that makes driving safer and more pleasant on any road. And you feel a very special sense of security in its rapid-fire responsiveness to your touch on the wheel, brakes and accelerator.

You can see that the '56 Chevy is a standout for style. But until you have driven one you're missing the best part of the news—the fact that Chevrolet is the smoothest, solidest, most wedded-to-the-road automobile you ever bossed. Try it and see.

The "Two-Ten" Sport Coupe with Body by Fisher—one of 20 Chevrolet beauties.

Travel Shifts Into High Gear

HERE COMES TOMORROW—Italian designers have come up with this sleek plastic bus creation which they claim will cruise over the roads at 125 mph. To be powered with a gas turbine engine, one of the planned models will carry up to 32 passengers.

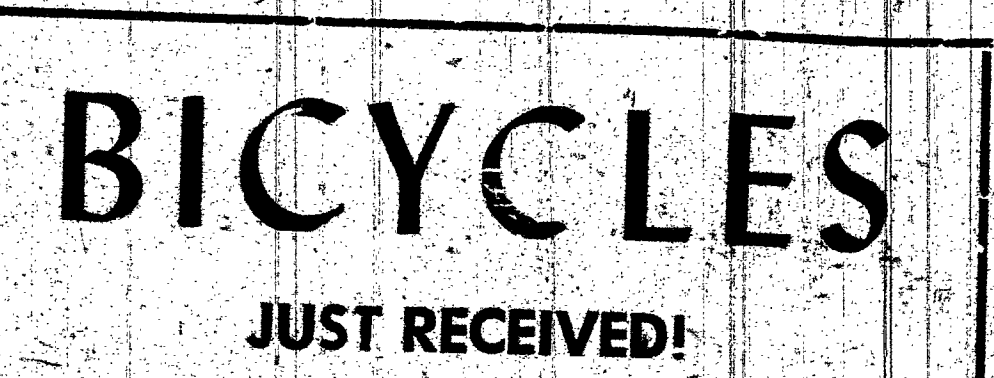

LONGEST ROAD IN THE WORLD
The Kansas Turnpike, terminating in this wheatfield on the Oklahoma-Kansas border is, at present, a road with no end, but not for long. Just as soon as Oklahoma allocates the necessary funds, the new four-lane superhighway will knife its way through the farmer's field, and he'll have a new, faster road to get his grain to market.

MAN BEFORE THE HORSE?
Transportation shades of the past are recorded here, but in reverse, as a London dock worker acts as the beast of burden to a valuable polo pony. The animal appears to be enjoying the novelty of watching the man do the work. (United Press Photos)

ROADS FOR TRANSPORTATION—Earthmoving equipment such as these International Harvester giants are very necessary to most forms of transportation. Before sleek automobiles and streamlined buses can skim over the ribbons of concrete and asphalt, high-speed earthmovers and crawler-type tractors must first make the roadbeds. Fleets of equipment similar to these units move millions of yards of rock and dirt in incredibly short spans of time and atprisingly low costs.
